House Plants: How-To...

This in-person program will be held at the MacKerricher State Park, Campfire Center
Current COVID safety protocols will be followed.

Join us at the next Fort Bragg Garden Club meeting when **Sage Andersen** of Ficus and Fern “A Modern Plant Shop” shares her knowledge about keeping house plants happy and healthy. Have questions about a particular house plant? You can bring your small, potted plant for answers and advice from Sage.

Visit Ficus and Fern on Laurel Street in Fort Bragg and you will see that Sage is an expert when it comes to raising beautiful house plants. She stocks tiny succulents, unusual tropicals, as well as old favorites. In addition, you will find pots, plant stands, hanging planters, home goods, and gift items like art prints, jewelry, vases, and gift cards.

Fort Bragg Garden Club meetings are open to all interested persons.
